

RESIDENTIAL OR CENTERS WITH 6 LANES OR LESS.

BRUNSWICK CERTIFIED PINSETTER SERVICE PROGRAM FOR GS-SERIES, BOOST ST, AND STRINGPIN® PINSETTERS

REDUCE LANE DOWNTIME, AVOID COSTLY REPAIRS, AND ENSURE OPTIMAL EQUIPMENT PERFORMANCE WITH THE BRUNSWICK CERTIFIED SERVICE PROGRAM FOR GS-SERIES, BOOST ST, AND STRINGPIN® PINSETTERS.

When you enroll in the Brunswick Certified Service Program our skilled, experienced mechanics will keep your pinsetters in top condition with our comprehensive inspection and recommended maintenance on a semi-annual or one-time basis.

PROFESSIONAL MAINTENANCE BY CERTIFIED PROFESSIONALS

At each visit, a Brunswick-certified mechanic will perform a detailed inspection of all pinsetter components, from the elevator and transport band assemblies to the power ball lifts, ball cushions, setting table, and more.

The Brunswick Certified Service Program includes:

51-POINT INSPECTION

- Static and diagnostic inspection of each pinsetter to determine proper operation.
- Identification of any wear items that may need replacement.
- Action item list for needed parts replacement.

GS LUBRICATION AND ADJUSTMENT CHECKLIST

- Lubrication and cleaning of all lubrication points according to maintenance guidelines.
- Adjustment of all pinsetters as required to confirm proper functioning, with corrective actions made per GS Service Manual adjustment recommendations.

PRO REPORTING

After inspection, you'll receive comprehensive preventative maintenance worksheets, pending items, and parts usage forms that document what work has been done, the condition of all relevant equipment, and what replacement parts may be needed to ensure your pinsetters continue to provide exceptional performance.

FLEXIBLE, COMPREHENSIVE SERVICE

Brunswick certified service is flexible, convenient, and a great value. Protect your investment, minimize lane downtime, and avoid surprise repair expenses without keeping a specialized mechanic on staff. Your Brunswick service manager and our certified mechanics are here to help.

Flexibility: Brunswick services can be scheduled to best fit your facility's schedule.

Comprehensive Services: If you choose, your Brunswick mechanic can quote, order, and schedule a return visit to replace any recommended parts while onsite. If you have other bowling equipment that requires inspection, maintenance, or repair, our certified mechanic can help. Just make arrangements with your Brunswick service manager.

Training: Brunswick offers a variety of mechanic training classes for pinsetters and other equipment at our headquarters in Muskegon, Michigan, onsite at your bowling center, and in some cases, online.

A Great Value: Avoid costly repairs and ensure optimal equipment performance by investing in certified maintenance now. Receive a 10% discount on replacement parts and training programs ordered at the time of your certified service inspection. Schedule semi-annual inspections and receive a discounted rate.

SIGN UP FOR THE BRUNSWICK CERTIFIED SERVICE PROGRAM TODAY TO ENSURE YOUR PINSETTERS PERFORM AS THEY SHOULD WITHOUT INTERRUPTION. CONTACT YOUR BRUNSWICK SERVICE MANAGER OR CALL (800) 937-2695 FOR DETAILS AND PRICING.
