

MAX20™ CONCENTRATED LANE CLEANER

Max power in a mini package.

MAX20, a BGreen concentrate, that cleans even the toughest conditioners in one pass.

Brunswick 
Bowling with a capital B.

With over 100 years of proven leadership in bowling science and technology, Brunswick offers a broad range of lane maintenance solutions, and continues to leverage its engineering resources to develop industry-leading cleaning and conditioning products.

MAX20, a 20:1 concentrated cleaner, incorporates a unique set of properties that make it ideal for cleaning even the toughest conditioners in a single pass. A non-hazardous BGreen™ product, MAX20's mini package saves freight and is easy to store and handle. Since MAX20 is a liquid concentrate it does not need to dissolve and is ready to use when combined with water. Max power in a mini package.

- SUPERIOR LANE CLEANING PERFORMANCE
- 20:1 DILUTION RATIO
- BGREEN PRODUCT, NON-HAZARDOUS
- READY FOR IMMEDIATE USE
- LESS FREIGHT COST - NOT PAYING TO SHIP WATER

MECHANICS WILL LOVE:

- One pass cleaning
 - Cleans conditioners with Swedish, synthetic and mineral oil bases
 - Easy to handle, easy to store
 - Just add water – no waiting to dissolve
 - Works with all lane cleaning equipment
 - Provides a strong and consistent backend reaction
 - For use on all surface types
 - Packaged in 10 one-pint bottles. Each package makes 25 gallons of cleaner, which is comparable to a 5-gallon buddy pack of 4:1 cleaner
 - Package weighs 75% less than a 5-gallon buddy pack of 4:1 cleaner
- 62-860239-000
